

Hindustan Tiles

<https://www.hindustantiles.co.in/>

We are widely recognized as one of the major manufacturer of Pavers and Tiles in India and overseas. Our range of products is characterized by features like resistance to impact & abrasion and intricate designing.

About Us

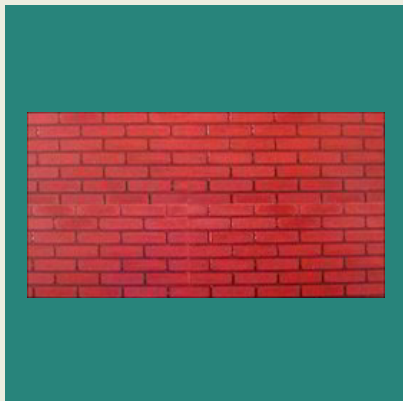

We deal with supplying and manufacturing all types of flooring tiles. Our range of tiles includes mosaic tiles for interiors, interlocking pavers and checkered tiles for the exteriors. We have been in this industry from the last. **Hindustan Tiles** was established in **1974**. 35 years in the industry have given us some experience to cater to the needs of our valued clients, and we are constantly working towards a higher level of perfection. Our range of tiles and pavers are in huge demand in the global market, and are used for construction and building. Our products are of premium quality and that is because of our authenticated vendors who supply high quality raw material to us. This has helped us attract a high level of appreciation for us among our clients.

Our products range includes checkered tiles, mosaic tiles, interlocking pavers, concrete cement pavers, grass pavers, and precast-concrete decorative interlocking pavers. We offer these products in a variety of designs, colours and patterns too. Client satisfaction has been a priority with us. We customize our products according to their needs and ensure their timely delivery too, which have been much appreciated by our clientele which includes names like Simplex and Unitech.
